

OUR CAMPUS, OUR VISION

JCCA has provided service and leadership to New York's most vulnerable children for more than 200 years.

OUR CAMPUS

Every year, more than 300 young people with behavioral, intellectual, and developmental disabilities come to call our sprawling Pleasantville Campus home. While they heal from trauma and build self-reliance, youth attend school, participate in extracurricular activities, and some hold internships or part-time jobs—just like any other child. Counseling, tutoring, and therapeutic recreation are all integrated into each child's daily schedule.

Spread over 150+ acres, the campus's 40 buildings include residential cottages, two schools, two recreation centers, staff housing, and administrative offices. While we have adjusted our programs and services to meet the increasingly complex needs of the children who arrive at our doors, some of our campus facilities have not kept pace.

After a thoughtful planning process, we have developed a campus plan that prioritizes centralized healthcare, dignified living space, and campus walkability. JCCA's facilities should allow us to be flexible and responsive, while also continuing to provide a safe, nurturing, and enriching environment.

JCCA'S CAMPUS RENEWAL CAMPAIGN will allow us to continue to build futures and transform lives through our work on JCCA's Pleasantville Campus.
